

**REMARKS**

Claims 61-71 are all the claims pending in the application.

The Examiner objected to the drawings because two figures were filed.

Actually, the figures are the same except for the shading. The one labeled "Fig. 1" was filed as the original figure with the application. The other, labeled "1/1" was filed as a replacement sheet. The Examiner is requested to use the replacement sheet. For the Examiner's convenience, another copy the replacement sheet with Figure 1 is submitted herewith.

The Examiner also objected to the specification because it did not contain proper headings. Applicants have added all appropriate headings to the specification.

Additionally, the Examiner objected to the specification because it did not contain the brief description of the drawings. A brief description of the drawings has been added to the specification. Support is found in the heading of Figure 1, as filed.

No new matter is added.

In view of the above, reconsideration and allowance of this application are now believed to be in order, and such actions are hereby solicited. If any points remain in issue which the Examiner feels may be best resolved through a personal or telephone interview, the Examiner is kindly requested to contact the undersigned at the telephone number listed below.

The USPTO is directed and authorized to charge all required fees, except for the Issue Fee and the Publication Fee, to Deposit Account No. 19-4880. Please also credit any overpayments to said Deposit Account.

Respectfully submitted,
